

Keep your head above water at swiftwater rescue incidents

EMANZ keeps at the cutting edge of swiftwater rescue with the introduction of the RDC.

Safe. One of the safest rescue craft for swiftwater rescue to use. Ultra fast 100% self bailing.

Simple. The RDC is easy to manoeuvre and use with only basic training.

Quick. Can be easily carried by one person and set up in only a few minutes.

Affordable. At only \$4,950 the RDC is very affordable.

Used internationally by fire departments and rescue teams, the RDC has proven itself in a league of its own.

We can also provide internationally certified *Swiftwater Rescue Technician 1®* as the New Zealand agent for Rescue 3 International.

Call us today for a promotional video or to arrange a demonstration. You can also download the specification sheet from our website.
